# Irish organisations making a difference

Trócaire is the overseas development agency of the Catholic Church in Ireland. It was established in 1973 as a way for Irish people to donate to development and emergency relief abroad. Their dual mandate is to support the most vulnerable people in the developing world, while also raising awareness of injustice and global poverty at home.

Trócaire works with partners in the Occupied Palestinian Territory (OPT) and Israel to support those affected by conflict and human rights violations, as well as helping to raise international awareness around the injustice of human rights violations.
